

Questtec Expands Channel Line Up with former Penberthy Partners

Sales Expansion – The New Standard of Level

Houston, Texas, January 1, 2019 - Questtec Solutions announces immediate availability of Questtec Products to be distributed through former Penberthy Channel Partners, enabling customers to continue a “business as usual” approach when purchasing level products through trusted, capable and current long-term relationships. This will expand Questtec’s reach into the Oil & Gas Market with Industry leading level partners.

“Questtec’s recessed gasket seat and standard NACE chamber is an upgrade for customers at same price point,” said Tom Dryden, Account Manager at Eads Distribution, former Penberthy Partner

Positive Customer Impact

Questtec products have been designed by the customer for the customer with benefits for a longer life, ease of maintenance and support worldwide. Our New Partner Organizations will be able to expose their customer to a provider of a highly engineered solutions, the cornerstone of Questtec’s Capabilities.

Questtec Solutions is a young company with a long lineage of quality, experience and care.

The development and engineering of the liquid level gauge and valve product lines began more than fifty years ago. Our products have been consistently refined and improved to remain one of the industry leaders in liquid level measurement.

“We are impressed with delivery, service and capabilities of Questtec,” said Reliability Refinery Engineer, “Your Steam Trac Product line is far superior than competitor.”

Founded in 2001, Questtec Solutions is a worldwide leader in Liquid Level Measurement. The company offers a wide range of products and services designed to meet customer’s demanding level requirements.

- Glass-Trac Liquid Level Gauges and Valves (formally Daniel Level Gauge & Valve)
- Steam-Trac Steam and Water Gauges
- Level-Trac Steam and Water Level Indicators and Alarms
- Magne-Trac Magnetic Gauges
- Instrument Bridle Solutions
- Armored Tubular
- Sight Flow Indicators

Choose the Best

When choosing your liquid level measurement solution provider, why not choose the best? The symmetry of a field tested, time proven product coupled with the energy of new management has positioned Questtec Solutions to be best suited to assist you in solving your liquid level measurement challenges.
